

Weaving Applications into the Network Fabric

The Transformational Challenge

11-14 October 2010, Berlin, Germany

ICIN 2010 Programme Now Available

Join leading industry experts in Berlin, Germany, October 11-14, 2010 for reports on the latest results from R&D laboratories and insights into the future of network services, applications and app stores.

The [ICIN 2010](#) conference covers telecoms and web services and service architectures from both technical and business perspectives. ICIN focuses attention on the interplay between web and telecom technologies, services and players, and end users.

Full details of the ICIN 2010 Advance Programme can be downloaded [here](#).

The ICIN conference programmes are created by an independent committee of industry experts from papers submitted by leading strategists, engineers and researchers from industry, academia and government. A rigorous peer review process guarantees a cutting edge conference programme free of hype.

ICIN conferences are renowned for their debates on the impact of emerging technology, architecture and industry trends on intelligent communications services.

REGISTER NOW! Early Bird rates are in effect through 1 September!

You will find additional information on our web site at www.icin.biz.

As the chairmen of the Technical Programme Committee and International Advisory Board, we look forward to welcoming you in Berlin at ICIN 2010!

Stuart Sharrock, Chairman
 ICIN International Advisory Board
