

# Beyond the Bit Pipes

Cité Mondiale, Bordeaux, France  
26 - 29 October 2009

## ICIN 2009 Call for Papers has been launched Beyond the Bit Pipes

The [ICIN](#) series of conferences brings together leading telecom and internet experts from industry, universities and government worldwide. **ICIN** operates on a rigorous peer review process and provides a unique impartial environment for open and honest technical dialogue in the area of intelligent communications services.

**ICIN 2009** will be held in Bordeaux, France, October 26-29, 2009. The focus will be on new and emerging business models, technology and value chains based on communications networks and devices. How are telecoms operators planning to utilize the new capabilities in telecommunication networks and end-user devices? Will they end up with dumb pipes or smart pipes?

**ICIN 2009** will highlight the future services, enablers and architectures that will drive the market for communications products and services in the emerging high speed IP environment. Specific topics are listed in the Call for Papers that can be viewed online at <http://www.icin.biz/cfp.html> or downloaded [here](#).

**Submission deadline: 28 March 2009**

*Notification of paper acceptance by: 5 May 2009*

For further information about ICIN see <http://www.icin.biz>.
