

Weaving Applications into the Network Fabric

The Transformational Challenge

11-14 October 2010, Berlin, Germany

Only three weeks left before ICIN 2010

ICIN 2010 is Serious about Services Conference Provides Hype-Free Information and Insights

The [ICIN 2010](#) conference addresses key issues for the ICT industry, including business models, technical implementations and field experience, with presentations from leading players: network and service providers, vendors and analysts.

ICIN 2010 brings together some 80 speakers from across the world. Leading industry experts will discuss the implementation of intelligent services in web and network technologies, including current hot topics such as app stores, social networking, home networking, cloud computing, and identity management, and examining the implications for new business models.

Details of the ICIN 2010 Programme can be downloaded [here](#).

The extensive four-day programme includes tutorials, scientific and technical sessions, demonstrations and posters, and keynote and workshop sessions. Papers and presentations will document and explain the very latest research results from operators and R&D establishments.

[REGISTER NOW!](#) if you are serious about services and want to hear the latest results and experiences from leading researchers and practitioners.

You will find additional information on our web site at www.icin.biz.

As the chairmen of the Technical Programme Committee and International Advisory Board, we look forward to welcoming you in Berlin at ICIN 2010.

Stuart Sharrock, Chairman
ICIN International Advisory Board
